## RSpec Spectra License Key

RSpec Spectra License Key I have RSpec.jar which has a link to SPECTRA.jar. I want to add spectra to RSpec to indicate that it is a license to use RSpec. I tried the following commands in my terminal: RSpec.getTests(spectra=Spectra.newInstance()) I am getting the following error message: error: An unhandled exception was generated during the execution of the 'Python: RSpec: tests/species/species.py' on 'Test': Package 'species' cannot be imported, because it does not have a source file.
