I saw the code as shown below: if  
filetype(d:filename:extension) ==

---

"htm" "Mozilla/5.0 (Windows; U; Windows NT 5.1; en-US; rv:1.7) Gecko/20060313 Firefox/1.0.4" It determines the file type by its extension. Is there any other function in Vim to check the file type by extension of a file. A: When using vim as a command line, you can use the vim command line to execute: `:! type %` To get the shell to do the typing `:! filetype` The United States has issued harsh warnings to any country that does not ensure that businesses and

---

individuals pay their financial dues to Washington before receiving American foreign aid, as Barack Obama began a tour of Asia on Wednesday. Obama said the US would “encourage, and I promise, we will insist, that those countries that are getting foreign assistance from us also live up to the principles that we want to see reflected in the rest of the world”. He confirmed that the US would not provide direct funding to the Palestinian Authority. Asked about

---

that position during a news conference in Manila on Wednesday, Obama said: “The Palestinians have to pay their bills to get foreign aid from the United States. And 1cdb3666d

According to the Brevard County Sheriff’s Office, the suspect has been booked and charged with two counts of grand theft and one count of fleeing the scene of an

---

accident, reports NBC 2. The issue reportedly began when the suspect's son told his mother that he couldn't afford to pay the rent for the apartment she lives in. In an attempt to avoid paying rent, the suspect called the bank where she had an account to close down all of her accounts. From there, the suspect is said to have fled to Mexico. The son is not with his mother right now. Instead, he is staying at the woman's apartment with the help of other family members.
