**THE STORY** The world of Tarnished has a long history of turmoil and conflict. Through the intrigues of politics and subterfuge, the character Tarnished, who has been a great person, has had an unsettling personality permeate the Lands Between, and the situation has developed such that the lands have become one of the most notable, but also chaotic, areas of the world. In the last years, strong gods have appeared that seized the attention of the people of the world, and the era of the World War had begun. In the face of the sudden war threat, the new, revolting gods have appeared in front of the people of the world, and the level of conflict reached its peak, continuing even after the gods disappeared. At this time, the old gods left the Lands Between and went to the world over the hills. They left the door open for a new world. In the past, the Lands Between has been left for the meadow plants to sprout, and it is now hosting the new gods. Young gods that are covered with sleet and snow are gathered here as their hosts, and the young gods are strongly commanded by the old gods in the world over the hills. However, what will come of this is an unknown.

**GAME PLAY: CREATE YOUR OWN CHARACTER** Basic Character Play A young man / woman that lives in the Lands Between, the main character, Tarnished, is able to freely choose the characteristics of his / her own character and alter them whenever he or she desires.

Of the dark elves, the Falric's planet was one of the few where the primordial elves still roam free in the land below.

While the Falric's had long ago learned to adept themselves with the dim gnome language, their enemies, the elves, had reverted to handcrafting all the things the Falric needed. The Falric knew that to set foot on felisdra forsook was to be one step closer to disaster.

**Q: Why are my pie charts broken in the Chrome extension version of the Chart.js library? I'm quite new to web development and am having trouble using the Chart.js library to create charts in a Chrome extension. I successfully installed the library on my browser, but, when I'm creating a pie-chart, the generated pie chart doesn't appear at all in the browser. The code to create the chart is here: `var data = [3, 3, 3]; var options = { responsive: true, tooltips: { callbacks: { label: function (tooltipItem) { var labelY = tooltipItem.y - this.cursor.y; return this.positions[tooltipItem.index + 1].y + labelY + "px"; } } }, plugins: { datalabels: { color: false, position: { align: 'left', verticalAlign:'middle' } } } }; chart = new Chart(ctx, { type`**
