Why? I have just spent a very happy evening with Vervain. She is the most stunning creature I've ever had the privilege of living with. Beautiful, funny, generous, gentle and inordinately smart. And she's really quite a looker. This morning I came downstairs at about 7.30 (all the better to see who's showing up at my front door, I thought at the time). I noticed that I'd had quite a lot of visitors the previous evening, and spotted the now-familiar white van parked on the front driveway. Bingo! It was full of garden supplies from Dropping Leaves Nursery. And I knew what it was because I'd made the mistake of tweeting about it some time ago. And then, the name that appeared on the back of the van … it said 'Vervain'. Sweet! Vervain. Sweet! Did you say Vervain, or did I hear you say Vervain? The Missing Leaf Nursery supplies. Within a few moments, Jeremy and I were in the garage trying to figure out how to get the self-propelled, double-wheeled carrier to the front door. Of course, all we could see was the large white van. Within a few moments we had swapped vehicles and I was delivering the plants to our front door while Jeremy retrieved the van full of supplies. The vase, the plants and a few other odds and ends came in between 8.30 and 8.50. On the way back home I was telling Jeremy about my experience. Vervain was a very sweet transposition of noun and verb, I explained. And Jeremy said, 'Yes, but did I hear you say Vervain?' And I said, 'No, I said "thou art Vervain".' And Jeremy said, 'No, I heard you say Vervain.' I said, 'What?' And he said, 'Didn't you say Vervain last night?' And I thought I heard a small giggle coming out of the laptop speakers, but couldn't be sure. And I said, 'Oh, yeah! That's so cute! I did

Tuesday, December 5, 2014 Ebook: Little Troublemaker by Nikki Grimes Book One in The Wanted Series Blurb Teen after teen. All of them innocents, none of them girls, or at least not by choice. Friends of Jared and Brianna's. They all go missing at the same time. Everyone believes in the "something" that The Incubus is after. No one ever believed in the "someone" that The Incubus was hunting...until now. Jared and Brianna are no longer little kids. At least, they weren't. They're teenagers. And they're in big trouble. Stories abound of the way he can pull off a perfect feat. They're sure it's him. But he can't keep every girl. Can he? My Thoughts I was very excited for this book. I read the blurb over and over again and there was no way I was not going to want to read this one. How I was able to free myself from the book for 2 weeks, I will never know. I did it. I started reading and it kept me enthralled until the last page. It seems everyone is so reliant on Bryce when it comes to his abilities that they couldn't think of any other options. Yes, they did question other people but no one could do what he can do. Who would even believe him anyway? Once I got over the first couple of pages, I began to love Nikki Grimes's writing style. She has such a good rhythm to her words. I can get lost in the words and forget that I'm reading. I can just let the story absorb me. It's a nice change from many books out there. I could see some of it, but it didn't distract me from the story. Brianna wants a normal life, she's ready to have a boyfriend and be able to get a good job. She also has a secret though. It's a secret that has haunted her all her life. At least it has for the last seven years and I'm not sure what she was before that. Jared has had a rough life. He's made so many bad choices. He's been in and out of jail multiple
