All about Sonic.If you've been trying to put together a highly curated stock portfolio and are struggling, there's a good chance you've spent some time watching the market recently. As I write this, the Dow Jones has hit a new record

high in the past 26 trading days. In the last few weeks, the Dow has risen by more than 8%, and the S&P 500 has gained 6% over the same period. With many investors watching the market closely, one question they're asking themselves has been: Should I buy stocks now, or should I stay out of the market? The answer
