The enhanced physics system utilises elasticity to reproduce the movements of the players and match conditions. In addition, the FIFA Ultimate Team in FIFA 22 has received a fresh face with the introduction of the FIFA 22 Ultimate Team squad creator. Now gamers can freely create customised teams, including all members, kits, facial appearances, players positions, and even player attributes like ability, performance and attributes. The pitch editor in FIFA 22 also provides a deep level of customization, allowing players to change the pitch dimensions, surface type, number of corners and touch line markings, to name a few. FIFA Ultimate Team is available free to download on mobile, tablets and on the web. Joint Finale Beginning Friday, May 25, Superstar athletes from the English Premier League, Spanish La Liga, French Ligue 1, Italian Serie A and the German Bundesliga will square off against the world's best players in the main event, FIFA 22. The competition is sponsored by UEFA, who is also this year's official game partner for the FIFA competitions. All four official competitions will feature the FIFA 22 playable demo at their finals. Hundreds of attendees will be featured in a live demo at the 2018 FIFA World Cup France™ Fan Fest on Friday, May 25, at 6 p.m. local time, including Brazilian soccer legend Ronaldo, Portuguese midfielder Rui Costa, English forward Jermain Defoe, Dutch centre-back Daryl Janmaat and former FIFA 17 World Player of the Year Sebastian Giovinco, along with others. The public demo will be streamed live on www.fifa.com/en, at www.fifa.com/fifafootball/officialworldcup2018, and on Facebook.

What's new in Fifa 22:

- **Reinvented balls are here in FIFA 22. The exterior surface of the ball is now made out of rubber that contains dynamic friction, or 'enhanced' traction and speed. This ensures the ball reacts more realistically to players' skills. The new ball is accurate in its size, makes players sprint harder when changing direction and makes passes feel more tactile.**
- **A new partnership with TurfGear allows players to replicate the look and feel of the most important field in**

the game. TurfGear are synthetic grasses that mimic the look and feel of a top-class football pitch. Some of the most authentic pitches now available for gamers, including, Dacia Arena, Allianz Arena and Stadio San Paolo. Weather effects help create a dynamic and immersive feel to gameplay in Europe and parts of the Americas

- **Ultimate Team Draft mode in all forms of FIFA for the first time. Make use of your best players to fill the potential gaps in your starting XI and your squad. Draft across the most popular position and think about how your team will play when you're building your squad. Picking a certain position on your team will score you several cards, e.g., age and weight, tire influence, power, etc. You can also save your best cards in an inventory, which can earn you points and extra draft picks.**
- **All new matchday broadcast. Wear headphones for the first time and enjoy a full-screen crystal-clear matchday presentation. Enjoy your favourite team's VAR calls live from the stadium and watch in 360°. See if the red card is about to be shown, watch if the penalty kicks are going to be taken, and if the player celebrating the winning goal is celebrating right. Full-screen, crystal-clear HUD for broadcast - the most popular option ever tested. The TV inspection in-game is now broadcast, for the first time ever, on the FIFA app**
- **The touchline in FIFA has been revamped. Its longer and its more centre-mounted compared to previous touchline so you can make less cluttered tactical moves.**
- **Matchday Polls and Verdict Videos: The analysis you need. The Verdict Videos give you a three-day journey through the matchday post-match. See the moments that mattered and the opinions from all the Match Day Men and Women after the final whistle. Complete**
