Whether on console, mobile, tablet or PC, FIFA offers fans around the globe to play, compete and connect with friends and players from around the world across clubs, tournaments and FIFA Ultimate Team™. FIFA is Back FIFA is Back with The World's Game. The World's Game is the ultimate

football experience. The authentic world-class stadiums and players bring your footballing journey to life. As the holder of the FIFA licence, EA SPORTS takes responsibility to ensure FIFA is a true representation of world football. The New FIFA is Here. FIFA is Back with The New FIFA. FIFA is Back with The New FIFA. The New FIFA has fundamental gameplay improvements, a revamped attacking system, entirely new player traits, a new control scheme and a brand new look. A New, Better Way to Play The New FIFA gameplay updates make tackling more authentic, the new passing moves and physical game feel more responsive and dynamic, while controlled skills feel tighter and more fluid. New ways to play and feel in FIFA Improved

passing flow Flow now becomes the most important part of the game. Passing in the right place, at the right time and under the right circumstances, makes a big difference. Players now more naturally pick up the ball, placing them in positions where they can use it. **First touch** retains the flow of football **First touch** is the starting point for every skill move you make. With the ability to get back to your feet after being tackled, you can make pass and dribble moves with greater control. **Improved depth perception** When you control the ball, the world seems to slow down, while objects around you slow down. When you move, you move fast. By compensating for things like distance and numbers, you never miss. **Improved response time**

Every reaction is now quicker. First touch makes every action feel more precise and natural. Reaction speed is faster, allowing you to better respond to challenges and take advantage of opportunities. A Natural Controller The New FIFA controller feels just right. While the PS3™ controller and Xbox™ pad are distinct for their unique control scheme, the actions in FIFA occur on a large dynamic surface, allowing you
