They are a set of 5 DSP Reverb effects intended to work well with the modulation side of Live's interface, as well as the FFT view. They work like a DSP based multi track reverb, providing a blend between a traditional reverb and a room based reverb. Each preset is designed to be a quick and easy way to create cool sounding rooms, halls, halls with reverb, etc. The presets are designed to work equally as well with pianos, drums, strings, horns, vocals, guitars, guitars with amps, amps, basses, drum machines, samplers.
